

PEHA® DISPOSABLE STAINLESS STEEL INSTRUMENTS - STERILE

Single-use instruments made of matt brushed, high-quality stainless steel. Made in EU, they offer similar characteristics as multi-use instruments in terms of intended performance, haptics and design. Sterile, individually packed and ready-to-use for a variety of surgical interventions. They allow precise handling during procedures. Peha® color lock® safety marking allows quick and reliable differentiation from multi-use instruments.
